CONTENTS

**Number 1, February 1990**

1 Editorial

2 Journal Bursaries for Collaborative Research

3 Annotation: Notes from the graveyard: neuropathology and schizophrenia
*G. W. Roberts and C. J. Bruton*

17 A morphological analysis of senile plaques in the brains of non-demented persons of different ages using silver, immunocytochemical and lectin histochemical staining techniques
*D. M. A. Mann, A. M. T. Brown, D. Prinja, D. Jones and C. A. Davies*

27 Kinetics and glial fibrillary acidic (GFA) protein production in a transplantable human giant cell glioblastoma (D-212 MG) of near haploid karyotype maintained in an organ culture system. An immunohistochemistry study
*N. Ibayashi, M. M. Herman, J. C. Boyd, D. V. Caccamo, H. S. Friedman, D. D. Bigner and L. J. Rubinstein*

39 Immunolocalization of cathepsin D in the human central nervous system and central nervous system neoplasms
*D. K. Robson, J. W. Ironside, W. A. Reid and P. R. Bogue*

45 Repair of the ependyma in hydrocephalic brains
*P. Collins and S. Fairman*

57 Pathogenicity of Semliki Forest virus for the rat central nervous system and primary rat neural cell cultures: possible implications for the pathogenesis of multiple sclerosis
*G. J. Atkins, B. J. Sheahan and D. A. Mooney*

69 Regeneration of nerve fibres in the anterior medullary velum of neonatal and weanling rats
*S. P. Hutchinson and P. McConnell*

85 Technical communication: Immunogold light and electron microscopic detection of amyloid plaques in transmissible spongiform encephalopathies
*J. Doerr-Schott, T. Kitamoto, J. Tateishi, J. W. Boellaard, N. Heldt and C. Lichte*

91 Meeting report

93 Future meetings

94 Book reviews

95 Referees 1989

**Number 2, April 1990**

97 Annotation: New insights in motor neuron disease
*J. E. Martin, M. Swash and M. S. Schwartz*

111 A quantitative histological study of early clinical and preclinical Alzheimer's disease
*B. M. Hubbard, G. W. Fenton and J. M. Anderson*

123 Cell proliferation patterns in the diagnosis of astrocytomas, anaplastic astrocytomas and glioblastoma multiforme: a Ki-67 study
*R. Raghavan, P. V. Steart and R. O. Weller*

135 Brief report: Ubiquitinated eosinophilic granules in the inferior olivary nucleus
*S. Kato, A. Hirano, T. Suenaga and S.-H. Yen*

141 Influence of the host sex on the growth of a human glioblastoma line in athymic mice
*C. Verzat, M.-B. Delisle, P. Courriere and E. Hollande*

153 Selective degeneration of cerebellar cortical neurons caused by cycad neurotoxin, L-β-methylaminoalanine (L-BMAA), in rats
*A. A. Seawright, A. W. Brown, C. C. Nolan and J. B. Cavanagh*

171 Case report: Peculiar changes in Rosenthal fibres in an atypical astrocytoma
*H. Radner, R. Kleinert, F. Vennigerholz and H. Denk*

179 Letter to the Editor: Multiple sclerosis and molecular mimicry
*G. J. Atkins, E. A. Daly, B. J. Sheahan, D. G. Higgins and P. M. Sharp*

181 Future meetings

182 Book reviews

**Number 3, June 1990**

185 Investigation of the expression of epidermal growth factor receptor and blood group A antigen in 110 human gliomas
*N. R. Jones, M. L. Rossi, M. Gregoriou and J. T. Hughes*

193 Glial and neuronal differentiation in the human fetal brain 9–23 weeks of gestation
*M. Wilkinson, R. Hume, P. Strange and J. E. Bell*

205 A study of glutamine synthetase in normal brain and intracranial tumours
*D. McCormick, S. McQuaid, C. McCusker and I. V. Allen*

213 Human herpes virus infections and Alzheimer's disease
*A. M. Deatly, A. T. Haase, P. H. Fewster, E. Lewis and M. J. Ball*

225 Role of the basement membrane in the regeneration of skeletal muscle
*C. J. Caldwell, D. L. Mattey and R. O. Weller*

239 Early degeneration and sprouting at the rat neuromuscular junction following acrylamide administration
*R. L. DeGrandchamp and H. E. Lowndes*

255 Letter to the Editor: Phenolized formalin fixation may obscure early histological changes of Creutzfeldt-Jakob disease
*J. M. Mackenzie and W. Fellowes*

256 Journal Bursaries for Collaborative Research

257 Proceedings of the seventy-ninth meeting of The British Neuropathological Society

275 Obituary: Doris Betty Brownell

277 Future meetings

278 Book reviews

**Number 4, August 1990**

281 Annotation: Ubiquitin, cell stress and diseases of the nervous system
*J. Lowe and R. J. Mayer*

293 Glutathione S-transferase in human brain
*P. J. Carder, R. Hume, A. A. Fryer, R. C. Strange, J. Lauder and J. E. Bell*

305 Studies on the pathogenesis of neurological diseases associated with Varicella-Zoster Virus
*P. G. E. Kennedy, J. D. Barrass, D. I. Graham and G. B. Clements*

317 Spinal cord disease in children with HIV-1 infection: a combinded molecular biological and neuropathological study
*L. R. Sharer, P. C. Dowling, J. Michaels, S. D. Cook, J. Menonna, B. M. Blumberg and L. G. Epstein*

333 Inclusion body myositis in French patients. A clinicopathological evaluation
*C. Mhiri and R. Gherardi*

345 Pathology of Streptococcal meningitis following intracisternal and natural routes of infection
*A. E. Williams and W. F. Blakemore*

357 Segregation of viral structural proteins in cultured neurons of rat spinal ganglia and cord
*K. Weclewicz, K. Kristensson and C. Örvell*

365 Brief communication: Immunohistochemical evidence for the selective involvement of dorsal root fibres in Friedrich's ataxia
*S. Goto and A. Hirano*

371 Obituary: Lucien J. Rubinstein

373 Future meetings

374 Book reviews

**Number 5, October 1990**

377 Annotation: Monocyte-mediated entry of pathogens into the central nervous system
*A. E. Williams and W. F. Blakemore*

393 Presence of inclusion body myositis-like filaments in oculopharyngeal muscular dystrophy. Ultrastructural study of 10 cases
*M. Coquet, C. Vital and J. Julien*

401 Immunohistochemical characterization of the inflammatory infiltrate in amyotrophic lateral sclerosis
*D. Troost, J. J. Van den Oord and J. M. B. Vianney de Jong*

411 The role of Schwann cells and basal lamina tubes in the regeneration of axons through long lengths of freeze-killed nerve grafts
*W. Nadim, P. N. Anderson and M. Turmaine*

423 The use of monosodium glutamate in identifying neuronal populations in mice infected with scrapie
*J. D. Foster, J. R. Scott and H. Fraser*

431 Case report. Non-missile head injury: report of a patient surviving for 6 years
*Y. Mizutani, K. Hayakawa, T. Takizawa, M. Matsumoto and Y. Morimatsu*

437 Case report. Multifocal vacuolar leucoencephalopathy: a distinct HIV-associated lesion of the brain
*M. Schmidbauer, H. Budka, R. Okeda, S. Cristina, A. Lechi and G. R. Trabattoni*

445 Obituary: Dr Stanislaw Terlecki

447 Future meetings

448 Book reviews

450 Journal Bursary Announcement

**Number 6, December 1990**

451 Third Dorothy S. Russell Memorial Lecture. Huntington's disease: some recent neuropathological studies
*E. P. Richardson, Jr*

461 Histomorphometric and histopathological study of the human cricopharyngeus muscle: in health and in motor neuron disease
*F. Kristmundsdottir, M. Mahon, M. M. Q. Froes and W. J. K. Cumming*

477 Distribution of neurofibrillary tangle formation and [3H]-D-aspartate receptor binding in the thalamus in the normal elderly brain, in Alzheimer's disease and Parkinson's disease
*J. H. Xuereb, J. M. Candy, E. K. Perry, R. H. Perry, E. Marshall and J. R. Bonham*

489 A human glioma cell line retaining expression of GFAP and gangliosides, recognized by A2B5 and LB1 antibodies, after prolonged passage
*J. C. A. Knott, A. J. Edwards, R. W. Gullan, T. M. Clarke and G. J. Pilkington*

501 Immunocytochemical localization of Border Disease virus in the spinal cord of fetal and newborn lambs
*M. Jeffrey, G. A. H. Wells, A. W. Bridges and J. J. Sands*

511 Neuronal cytoskeletal lesions induced in the CNS by intraventricular and intravenous aluminium maltol in rabbits
*C. D. Katsetos, J. Savory, M. M. Herman, R. M. Carpenter, A. Frankfurter, C. D. Hewitt and M. R. Wills*

529 Letter to the Editor: A useful technique for improving the diagnostic yield from single stereotactic biopsies of brain
*R. W. Laing and C. M. L. Smith*

531 Proceedings of the eightieth meeting of the British Neuropathological Society

545 Future meetings

546 Meeting report

547 Book reviews

555 Author and subject index to Volume 16
